HOW IT WORKS

Our Box Fuse Method Training will be delivered via Thinkific, an online platform which will include all training lessons, information, and links to Zoom meetings. The training will be presented in two modules; these modules will include reading materials and short videos. You will have one week to complete each module and at the end of the week, we will host 4 hour long Zoom meetings. For our virtual training, we understand that everyone learns differently. We are using a multimedia approach that includes written, video, lectures, assignments, quizzes, live practice time with the Lead training team, and more.
